

Media Release :

November 9th, 2009

Chemill Inc launches 5ineHTP, Sveetia, Reversitol, CurQ99 & Vinhance at SSW 2009

Chemill inc, a value supplier of nutraceuticals famed for its value addition approach, vertical integration and unique positioning of its products; is glad to announce launch of its new branded ingredients :-

5ineHTP[®] is a high quality Griffonia Seed Extract , produced by Chemill inc., the only vertically integrated producer of Griffonia extracts and the single largest collector of Griffonia Seeds in the World.

Our own facility of seed collection, helps us ensure full traceability of materials and assure consistent year round supply of the highest quality ingredient .

A percentage of sales proceeds of 5ineHTP[®] are directed to education of local farming communities in most sustainable harvesting techniques and education of their children.

We've launched our *Feel 5ine ! Feel Happy !* initiative which presently supports education of over 500 underprivileged children under the age of Five, we now invite dosage

producers in USA to join us in this initiative, to do our cause for the underprivileged in the source country, while stabilizing their own supply chain with our 5ineHTP.

To learn more about 5ineHTP[®] & *Feel 5ine ! Feel Happy !* initiative pls visit booth #25071 or www.5ineHTP.com.
